#### Independent Auditor's Report

Board of Directors Rural Water District No. 4, Garvin County

#### Report on the Financial Statements

We have audited the accompanying financial statements and related notes to the financial statements of Rural Water District No. 4, Garvin County as of October 31, 2013 and for the year then ended as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such an opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Basis for Qualified Opinion**

The amounts reported in the financial statements for capital assets and accumulated depreciation are based on estimates and may not represent a complete accounting of all capital assets in service as required by accounting principles generally accepted in the United States of America. Capital asset records necessary to provide reasonable assurance that these amounts are not materially misstated are not readily available as explained in Note 4.

#### Opinion

In our opinion, except for the effects of any adjustments that might have been necessary had we been able to obtain sufficient evidence related to capital assets and related accounts, the financial statements referred to above, present fairly, in all material respects, the financial position of Rural Water District No. 4, Garvin County, as of October 31, 2013; the changes in financial position; and, cash flows thereof, for the year then ended in conformity with the accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Rural Water District No. 4, Garvin County has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basis financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basis financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated January 23, 2014 on our consideration of Rural Water District No. 4, Garvin County's internal control over financial reporting and on our tests of its compliance with certain laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Rural Water District No. 4, Garvin County

We have audited the financial statements of Rural Water District No. 4, Garvin County as of and for the year ended October 31, 2013 and have issued our report thereon dated January 23, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and in *Government Auditing Standards*, issued by the Comptroller General of the United States. The auditor's report for the year ended October 31, 2013 is qualified due to the lack of records related to the value of the capital assets.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Rural Water District No. 4, Garvin County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rural Water District No. 4, Garvin County's internal control. Accordingly, we do not express an opinion on the effectiveness of the Rural Water District No. 4, Garvin County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies, in internal control that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Rural Water District No. 4, Garvin County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement

amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

## Nature of Organization

Rural Water District No. 4, Garvin County was organized and established under the provisions of Title 82 of the laws of the State of Oklahoma. The purpose of this District is to furnish and supply to owners and occupants of property within the corporate limits water and related facilities and services.

The District is a governed entity administered by a Board of Directors that act as the authoritative and legislative body of the entity. The Board is comprised of elected board members.

# **Basis of Accounting**

The accounting policies of Rural Water District No. 4, Garvin County conform to the basic principles of governmental accounting and financial reporting set forth by the Governmental Accounting Standards Board.

The District is classified as an Enterprise Fund. The costs of providing the water services to the public are financed mainly through user charges. The financial statements of the District have been prepared using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

#### Cash and Deposits

Cash and deposits are maintained in financial institutions which provide coverage to depositors through the Federal Deposit Insurance Corporation. The State of Oklahoma allows government entities to invest in the following: direct obligations of the United State Government, its agencies or instrumentalities; collateralized or insured certificates of deposit; insured savings accounts or savings certificates; or county, municipal or school district direct debt.

#### Net Assets

Net assets present the difference between assets and liabilities in the statement of net position. Net investment invested in capital assets are reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by District legislation or external restrictions by creditors, grantors, laws or regulations of other governments.

#### NOTE 2 – CASH AND CASH EQUIVALENTS:

For the purpose of the Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

#### NOTE 3 – ACCOUNTS RECEIVABLES:

The accounts receivable balance at October 31, 2013 includes amounts due from customers for water service.

#### NOTE 4 – WATER SYSTEM:

The District did not maintain accurate records of the original cost of the waterline system. The amounts reported in the financial statements for the original waterline system are based on estimates.

The District was given land during the year ended October 31, 2007 for an office building, which was constructed during the year ended October 31, 2008. The value of this land has not been determined and therefore has not been recorded in the financial statements.

Depreciable assets are recorded at cost when purchased or constructed. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not. Depreciation is calculated on a straight-line basis over the estimated useful lives of the depreciable assets. Total depreciation for the year ended October 31, 2013 was \$23,430. The following is a summary by category of changes in property and equipment:

Category	10/31/12	_Additions	Deletions	10/31/13
Machinery and equipment	\$ 56,744	\$ 10,110	\$	\$ 66,854
Buildings	122,172			122,172
Waterline system	638,440	9,400		647,840
Accumulated depreciation	(487,308)	(23,867)		(511,175)
Net	\$ 330,048	\$ (4,357)	\$	\$ 325,691

#### NOTE 5 - DEPOSITS:

The District maintains deposits in excess of the FDIC limit. These excess deposits are insured through an irrevocable letter of credit carried by the financial institution for \$400,000. This letter of credit expires September 28, 2014.

#### NOTE 6 – ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### NOTE 7 – RISK MANAGEMENT:

The District is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District manages this risk through the purchase of commercial insurance policies. Claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered.

#### NOTE 8 – COMMITMENTS AND CONTINGENCIES:

As of October 31, 2013, the District did not have any pending litigation or potential nondisclosed liabilities that management believes would have a material effect on the financial statements.

#### NOTE 9 - CONTRACT RECEIVABLES:

The District and the PVMA reached an agreement effective February 1, 2007 in which the District transferred certain customers and infrastructure located in the Pauls Valley city limits to the PVMA. The agreement set forth the District and the PVMA would each obtain an appraisal of the infrastructure transferred to the PVMA. Then, a third appraiser would be obtained and the three appraisers would reach an agreement as to the value of the infrastructure transferred. During the year ended October 31, 2011, the District and PVMA had reached an agreement on the value of the infrastructure. The amount due from PVMA for the purchase of this infrastructure has been recorded as contracts receivable. As payment for the infrastructure, the water costs for the water supplied to the District by PVMA will be credited against the amount due until the debt is reduced to zero. As of October 31, 2013, total credits for the water purchases were \$759,343. The PVMA will also pay the District an amount equal to an average of five years net income for those customers transferred to the PVMA. This additional

### NOTE 9 – CONTRACT RECEIVABLES (continued):

compensation is to be paid in sixty equal installments to the District. At the date of this report, no installments on this additional compensation had been received. In the agreement, the District has also given PVMA the right to serve current and future customers within a given area for a period of 99 years. The balance of the contract receivables at October 31, 2013 was \$607,995.

#### NOTE 10 – FAIR VALUE OF FINANCIAL INSTRUMENTS:

The District's financial instruments include cash and cash equivalents, contracts and accounts receivable. The District's estimate of the fair value of all financial instruments does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of net assets. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

### NOTE 11 – EVALUATION OF SUBSEQUENT EVENTS:

The District has evaluated subsequent events through January 23, 2014, the date which the financial statements were available to be issued.
